ACT is going Online

11th August 2023

To The Timetable Whiz Team

We are going Online. Yay!

Some of you have come to know that every year we try to bring something new to our program and your timetabling experience. We have been working on an online timetable portal for the past 5 years and this year we are excited to let you know this feature will be available for all schools.

How does it work: The online portal can be used for Input and Viewing. The Build will still be done in the Windows engine and the data can be easily moved between the systems. It is recommended that this year you still use the windows program, while feeling out the new web portal.

We are pleased to have a USA company which is subsidizing the timetable program for public schools in South Africa, which is keeping your subscription lower.

We will hold an online contact session this year and you can join either:

| | EITHER | TIME | Online |
|-----|-----------------------------|-------------|---------------------------|
| Wed | 25th Oct. | 14h00 | Zoom Link |
| Fri | 27th Oct. | 14h00 | Zoom Link |

Looking forward to speaking with you then.

Regards

Jaco
